

DeBra2024 Bilateral Competitive Exhibition Germany – Brazil

The following **Newsletter #1** has been published by the organisers of DeBra2024 Bilateral Exhibition:

*Although it has been in the shadow of IBRA2023 for a long time, the preparations for **DeBra2024** are going according to plan. All forms (exhibition conditions, registrations for the competition, registrations for the evening party, etc.) have been available for download in German and Portuguese on the website for a year now. Several study groups and dealers have already confirmed their attendance and have already registered. Since space is limited, study groups and dealers should make a reservation as soon as possible.*

On both occasions "200 years German immigration in Brazil" and "50 years study group Brazil" there will be corresponding envelopes and special cancellations. An Individual stamp with the German exhibition logo is already available and can be purchased for €2.50 per item plus shipping costs.
